

Harry W. Bass Jr. School of Arts, Humanities, and Technology

Arts, Technology, and Emerging Communication (BA) with Critical Media Studies Concentration

This Concentration provides a thorough grounding in thinking critically, analytically, and creatively about media, their use, and their historical development. CMS Concentration students have the opportunity to perform critical media research and engage in the critical creative production of media. The CMS Concentration examines the ethical and social dimensions of media and applies that knowledge in the creation and analysis of digital media texts. By selecting courses from a variety of School elective headings, students are able to infuse other areas of interest into their focus on Critical Media Studies.

Unless otherwise noted, courses in Arts, Technology, and Emerging Communication are open to all students in the University. However, students majoring in Arts, Technology, and Emerging Communication may be given preference in certain course enrollments.

Major Honors

ATEC seniors in the CMS concentration who have completed at least 30 graded upper-division semester credit hours and have a major GPA of 3.67 may elect to participate in Major Honors. These students can either complete a thesis or project under the supervision of an AHT faculty member and a second reader, or enroll in an advanced labs or topics course and complete a thesis related to the course content under the supervision of an AHT faculty member.

Students should consult their AHT academic advisor for further details.

Both upper-and lower-division courses may be used as electives.

The plan must include sufficient upper-division courses to total 45 upper-division semester credit hours.

Incoming freshmen must enroll and complete requirements of [AHTC 1100](#).

1. Curriculum Requirements can be fulfilled by other approved courses from institutions of higher education. The courses listed are recommended as the most efficient way to satisfy both Core Curriculum and Major Requirements at UT Dallas.
2. Students who are ATEC/CS double degree or who plan to minor in CS must enroll in CS 1436 and/or CS 1337 (if placed out of CS 1436).
3. Students who are eligible for major honors and enroll in one of these options can enroll in ATCM 4099 as a co-requisite to pursue major honors.
