

Harry W. Bass Jr. School of Arts, Humanities, and Technology

Arts, Technology, and Emerging Communication (BA)

This general degree plan emphasizes the breadth of the major's interdisciplinary programs, which allows students to explore early courses across the curriculum. This offers students an opportunity to explore the foundation courses in which they will develop the experience and materials needed before choosing whether to apply to specialize in a concentration with greater depth in Critical Media Studies or Emerging Media Art.

Unless otherwise noted, courses in Arts, Technology, and Emerging Communication are open to all students in the University. However, students majoring in Arts, Technology, and Emerging Communication may be given preference in certain course enrollments.

Free Electives: 15 semester credit hours

Both upper-and lower-division courses may be used as electives.

The plan must include sufficient upper-division courses to total 45 upper-division semester credit hours.

Incoming freshmen must enroll and complete requirements of [AHTC 1100](#).

Minors

Students must take a minimum of 18 semester credit hours for the minor. Students who take a minor will be expected to meet the normal prerequisites in courses making up the minor, and should maintain a minimum GPA of 2.000 on a 4.00 scale (C average). Semester credit hours may not be used to satisfy both the major and minor requirements; however, free elective semester credit hours or major preparatory classes may be used to satisfy the minor. Core courses offered by the school may count as lower-division semester credit hours toward the minor. Topics courses must be approved by the school. The Harry W. Bass Jr. School of Arts, Humanities, and Technology will substitute courses as necessary. At least one-third of the semester credit hours for a minor must be taken at The University of Texas at Dallas.

Minor in Audio Production

Minor in Ethnic Studies

18 semester credit hours

Ethnic Studies is an interdisciplinary field that studies the histories, cultures, and intellectual and artistic traditions of people of color. It is concerned with ethnicity, race, indigeneity, racism, and resistance within the United States. It applies a critical lens to all academic knowledge domains, and, by centering previously marginalized perspectives, generates new approaches, knowledge, and methods in the study of the United States and beyond.

Required Course: 3 semester credit hours

[ATCM 2325](#) Introduction to Ethnic Studies

Prescribed Electives: 15 semester credit hours

Students will need to take fifteen (15) additional semester credit hours from at least two of the distribution areas below.

A student may petition to count selected courses with significant ethnicity/race-related content that are not listed below. In such cases, students will have to commit to writing papers or completing final projects about ethnicity/race-related topics. Only one such course can be petitioned toward the minor.

Note: Because of pre-requisite requirements for some of the classes listed below, certain classes might not be available to all students depending on their major. Students should work with their advisors to complete their degrees and minors in as few hours as possible without going beyond their 120-degree semester credit hours.
