The plan must include sufficient upper-division courses to total 45 upper-division semester credit hours.

1. Degree is 149 - 153 semester credit hours if students are required to take NATS 1101.
2. Indicates a prerequisite class to be completed before enrolling for upper-division classes.
3. A required Major course that also fulfills a Core Curriculum requirement. Semester credit hours are counted in Core Curriculum.
4. Six semester credit hours of Calculus are counted under Mathematics Core and Component Area Option Core, and 2 semester credit hours of Calculus are counted as Biology Major Preparatory Courses.
5. Students may elect to substitute MATH 2417 for MATH 2413.
6. To make timely degree progress, students should complete MATH 2413 or MATH 2417 by the end of their first semester at UT Dallas. Students who will not meet this requirement should contact their academic advisor to discuss their degree timeline.
7. Certain courses listed are prerequisites for major core, major concentration, or major related courses. Choose accordingly.
